

**QUALITY GUARANTEE.  
PJSC "PPR BROVARSKY" RECEIVED INTERNATIONAL  
QUALITY CERTIFICATE.**

To ensure proper quality control and food safety, as well as to meet the PJSC "PPR Brovarsky" consumer needs, meat products of which is known under "Indelika" TM, implemented HACCP principles control system. Thanks to conscientious work of the enterprise team, unit for slaughter and processing of poultry meat brought into compliance with veterinary and sanitary rules and regulations that meet the international standards.

According to the results of the audits, the international certification authority – Bureau Veritas has recognized the level of production of «primary processing and production of semi-finished products made of turkey meat and its by-products» as the one that satisfies the requirements of the Products Safety Management System and granted «PPR Brovarsky», PJSC, an international certificate for production according to FSSC – 22000 standard scheme on May 15, 2014.

Plemptahoradosp "Brovarsky" is a fully integrated and modern company. The poultry production cycle consist of 16 poultry houses, slaughtering and meat processing section, which are equipped with the latest technologies for poultry slaughtering, split semi-slicing and packaging products; own fleet to deliver products to customers.

Prospects of enterprise development is the sausage plant construction, which will be equipped with modern equipment of foreign production and will produce sausages and smoked sausage. For feeding the birds with feed food of own production, we lunched the feed mill section construction, which focused on the manufacture of high-grade feed food and directly affects the improvement of the products quality.

It is well known that European Union has one of the highest food quality and safety standards in the world, thus the products which meet the European quality requirements, automatically becomes interesting for other markets.

Therefore, the introduction of products quality and safety management system positively affects providing the buyers with high-quality meat products, which is the main goal of the enterprise as good nutrition is the first key to good health and human well-being.
